

## EAGLES DO HONOR TO DEAD MEMBERS

Beautiful Ceremonies Are  
Held By Order in the  
National Theater.

Washington Aerie, No. 125, of the Fraternal Order of Eagles, held solemn requiem services last night in memory of the twenty-eight brothers who have died since the founding of the order. This, the sixth memorial service, was held in the New National Theater.

The ceremonies were such as to recall to memory the face and life of each departed member. The theater was lighted by only twenty-eight candles, set in two crosses on the stage. As the voice of the secretary called the name of each dead member, one light disappeared and a bell tolled. The name was called again, and the light reappeared in the form of a star at the rear of the stage. This expressed the spirit of the evening—that death merely transforms.

The ceremony was followed by another—that of "The Vacant Chair." The twenty-eight lights were put out, and in their places appeared a chair outlined in brilliant light. Charles E. Myers sang "The Vacant Chair," and was joined in the latter portion of the song by Mrs. Charles B. Bayly, Dana C. Holland, and Mrs. Armand Gumprecht.

The officers of the local aerie occupied places upon the stage. Worthy President Robert L. Montague, presiding. Addresses were made by Mr. Montague, Ward Savage, worthy past president; Joseph F. Monaghan of Shonandosh Aerie, No. 103, and James L. Feeney, Arthur S. Whitcomb played "The Lost Chord."

## RECEPTION TONIGHT FOR REV. DR. BRUNER

Departing Pastor in Last Sermon  
Felicitates Congregation For  
Loyal Support.

The Rev. Dr. Weston Bruner, who will be given a farewell reception tonight, will leave tomorrow for San Antonio, Tex., his new field, where he will preach his first sermon on Sunday next.

All of the pastor's friends, irrespective of religious denomination, have been invited to attend the reception which will be held in the church parlors.

Dr. Bruner prefaced a strong sermon last night with a brief parting address.

"The delightful relationship which I have held with this congregation," he said, "gives me great satisfaction. My service here has been more of pleasure than of work, for you have made it so. Such loyal support as has been mine would be an inspiration to any minister. I am grateful for all you have done for me and trust that I have been of some service to you."

## WILL BE HEARD TONIGHT

MISS ETHEL ALTEMUS.

MISS ETHEL ALTEMUS, the clever young pianist who will be heard in a joint recital tonight with Glenn Hall, tenor, at the Masonic Temple Auditorium, is acknowledged as one of the finest musicians in the United States. She has already gained wide renown throughout New England for her successful concert work and has been several times soloist with the Philadelphia Orchestra at its concerts.

Miss Altemus and Mr. Hall will be presented by Miss Cryder, and the recital is being anticipated with keen interest.

## CHARITY APPEALS SHOW AN INCREASE

Notwithstanding Mild Winter, More Applicants Than Last Year.

While the winter which is passing has been quite mild so far, and there has been no great suffering among Washington's poor on account of the weather, the number of applicants to the Associated Charities, for aid, has this year exceeded the number for the similar period of last year by more than 10 per cent.

Consequently the officers of that organization say that it has become vitally necessary that the citizens of the Capital respond to its appeal for the creation of a \$15,000 fund for the continuance of the work during the remainder of the year.

According to Secretary W. S. Ufford, only a few hundred dollars of the \$15,000, estimated to be needed, has already come in to the committee. The charity organization, he said today, works all the time and handles cases which do not come under the observation of the municipal charity workers.

Ten cents from every inhabitant of Washington is all that is needed, Mr. Ufford says, but that is anxious that donations begin to come in, and that they come more steadily as well as more quickly.

ASUNCION, Paraguay, via Galveston, Tex., March 15.—A treaty of arbitration and extradition between the United States and Paraguay was signed today. The American minister, Mr. O'Brien, leaves today for Montevideo.

## NIBLO DESCRIBES TRIP INTO AFRICA

Zigzag Journey Through  
Country of Beauty and  
Mystery.

At the Columbia Theater, last evening, Fred Niblo, the American humorist-tourist, inaugurated a series of "travel talks," which will be given five consecutive evenings and five consecutive afternoons. Last evening Mr. Niblo took as his subject, "From the Cape to Cairo," covering a journey taken by himself, wife and son about two years ago. At the outset of the entertainment he announced that he did not wish to be considered a lecturer in every sense the word implies, but just an ordinary traveler relating his experiences in the country visited.

Mr. Niblo's talk is illustrated with nearly 300 stereoscopic views made from his own photographs, and also numerous motion pictures. Notable among the latter are twenty-one different views of the famous Victoria Falls, and the only picture ever taken of the slave women of the Uganda country on their way to be sold. Pictures of the country where ex-President Roosevelt and party will hunt elephants and other big game were shown and described in detail.

The zigzag journey taken by Mr. Niblo gives him ample opportunity to describe to his audience this far-off country, portraying its beauty, its wonders, its mysteries, and above all its strange people. His talk is bright, breezy and proves him to be a talented entertainer. The entire program is delightful and instructive.

The same lecture will be repeated on Friday afternoon, beginning at 3 o'clock, and on Sunday evening next his subject will be, "Egypt, from Cairo to Khartoum."

## DELIVERS LECTURE UPON SPIRITUALISM

Intellectual and spiritual telephony will follow the material transmission of messages through air, harmonizing science and material progress with spiritualism. In the opinion of W. J. Coleville, the spiritualistic lecturer.

In speaking in Pythian Temple yesterday afternoon, Dr. Coleville quoted a preacher of the Christian Church as saying that he who did not believe in communication with the spirit world was simply out of fashion and behind the times. Spiritualism, said Mr. Coleville, is indicated in collaboration and co-operation of men. "Why should not men who have worked together in life, work together after one of them has gone to another world?" he asked.

DUKE IN ARGENTINA.

BUENOS AIRES, via Galveston, Tex., March 15.—The Duke of Richmond and General Baden-Powell arrived here today.

## PLOT TO ASSASSINATE VICEROY THWARTED

Lord Minto's Life Saved By Receipt of Anonymous Letter.

Suspects Arrested.

CALCUTTA, India, March 15.—Investigations today show that Lord Minto, the viceroy, had an extremely narrow escape from assassination Saturday at the opening of the university conference at Calcutta.

The receipt of an anonymous letter caused the police to make arrests of suspects who, according to the information acted upon by the police, had planned to kill the viceroy with a bomb. The bazaar was flooded with police and troops, and the university itself was searched, and a large number of arrests of students and others made.

## NEW YORK BROKER FIGHTS "JIM CROW"

Colored Man Forced From Pullman in Texas Will Contest Law.

EAGLE PASS, Tex., March 15.—A spirited legal fight is promised by W. H. Ellis, a colored broker of New York, because he was forced to leave a Pullman coach and ride in the apartment set apart for members of his race when the train aboard which he was traveling from Mexico to New York entered the State of Texas.

Ellis at first refused to comply with the demands of the trainmen, but when Sheriff Williams boarded the train here and formally ordered Ellis from the coach, he complied, stating that he would apply to the courts for redress.

Tapscott, to make him ready for a course in Cornell. He will proceed from here to Washington and will make an unofficial call on President Taft, conveying to the American Executive the regards of President Gomez and the views of the latter concerning a reciprocity arrangement between this country and the United States.
